

# Photography Curriculum Key Stage 4

Contextual studies are integral to all projects and pupils are encouraged to look at a range of photographers and photography movements, western and non-western in each project.

## **IDENTITY**

Skills: Exploration of portrait photoshoots, digital editing, presentation and research skills in the digital portfolio.

Final piece: A final display piece showing 3D making skills.

## **Trial Exam Year 11**

### **Conceal/ Reveal**

This project is based on places and landscapes.

Skills: Exploration of photoshoots, development of ideas and digital editing. To include and build on presentation and research skills.

Final piece: A magazine demonstrating a personal response within given time constraints

## **Final Exam Project Year 11**

Pupils are given an exam title by the exam board.

They spend approx. 20 school hours preparing for the exam. They should demonstrate all skills developed in previous units; Including planning and creating photoshoots, developing ideas, experimenting with digital media and researching photographers and photography movements
